

# CLIENT SAFETY ADVISER SERVICES

Glancy Nicholls Architects

glancy nicholls  
a r c h i t e c t s

## CLIENT DUTIES:

- Make suitable arrangements for managing the project, enabling those carrying it out to manage health and safety risks in a proportionate way
- Make sure that any Principal Designer and Principal Contractor appointed carry out their duties in managing the project
- Make sure suitable welfare facilities are provided for the duration of the construction work
- Maintain and review the management arrangements for the duration of the project
- Ensure the client has made arrangements so far as reasonably practicable, to allow construction work to be carried out without risk to health or safety
- Provide pre-construction information to every designer and contractor either bidding for the work or already appointed to the project
- Ensure that the Principal Contractor or Contractor (for single contractor projects) prepares a construction phase plan before that phase begins
- Ensure that the Principal Designer prepares a health and safety file for the project and that it is revised as necessary and made available to anyone who needs it for subsequent work at the site
- Notify HSE with details of the project

## WHAT'S INCLUDED?

- ✓ Notify HSE with details of project
- ✓ Review the construction phase plan
- ✓ Undertake regular site health and safety visits
- ✓ Review the contents and the suitability of the health and safety file
- ✓ Ensure the Principal Designer is complying with their duties
- ✓ Attend project progress meetings as requires
- ✓ Competency assessments

## HOW WE CAN SUPPORT YOU AS THE CLIENT:

- Review construction phase plans and advise you as the client on the suitability
- Undertake regular site health and safety visits
- Liaise with Principal Designer for the collation of pre-construction information
- Review the contents of the health and safety file and advise you as the client on the suitability of the document
